### AIRC certification

Our university pathway programs in the US are AIRC Pathway Members

## 1. The Path to Your Dream School

Because our pathways extend to Year 4, not just to Year 1, with Kings where you begin your degree doesn't have to be where you finish. Built-in flexibility means we can create a personalized path to the dream school from which you will graduate.

More information: page 8

## 2. Study Like an American

You'll share degree classes with American students and will be taught by university faculty. So, you'll feel part of American college life from Day 1. You'll also complete your degree as fast as American students.

More information: page 9

## 3. Built-in Transfer Options

Our 1+3, 2+2, or 3+2 progression options are based around the US transfer system, used by millions of Americans each year. So you can either stay on campus for the whole of your degree or aim for a top school to complete your major.

More information: pages 10 - 11

## 4. Guaranteed Degree Progression

Whether you choose to stay at the same university for all four years, or transfer after Years 1, 2 or 3 – you still have the certainty of guaranteed progression to your degree.

More information: pages 10 - 11

---

## 5. Individual Student Support

We are on campus with you to ensure you gain the skills and experience to make you a “stand out” student. We’ll help you develop your language and study skills as well as maximize your extracurricular opportunities.

More information: page 12

---

## 7. Fast and Cost-Effective

With Kings, there is no need for the usual “Year 0” pre-session year. You will start your degree course from Day 1 and can finish it in four years, just like an American. So you’ll save both time and money.

More information: page 18

---

## 6. Expert University Counseling

Our expert Progression Advisors will ensure you make the right decision about your progression options. They will match your personal profile to the very best target school.

More information: page 13

---

## 8. Expert Academic Preparation

Before your degree program, you can follow the Undergraduate Preparation Program delivered on campus at the Kings Center. It combines language and study skills with TOEFL preparation. SAT preparation is also available during your degree.

More information: page 22

## ON CAMPUS PLUS THE KINGS APPROACH

### Personal development in a modern, global context

- At Kings, our students are expected to develop independent minds and to show intercultural understanding to their fellow students.
- Each student plays their part in our modern global community.

### Managing the transition to US life and learning

- An international student has so much to contend with before they even set foot inside a US classroom – the language, culture and social environment are all new.
- At Kings, we place huge emphasis on managing this transition to a new way of living and learning. The sooner a student is settled, the sooner they are able to succeed academically.

**The Kings approach to academic success has been carefully developed and improved over decades.**

**During this time, we have taught, inspired and cared for thousands of international students.**

**Our method is built on clear principles, dedicated teachers and a personal commitment to each and every student.**

**At Kings, students feel at home.  
And they always come first.**

## Putting the student first – always

- With a 100% international student body, we understand the unique linguistic and academic needs of international students when studying in a second language and culture.
- We have honed and developed specific teaching techniques together with unparalleled levels of personal support and advice. Everything we do is built around the needs of our students.

## An empowering, nurturing learning environment

- The right learning environment is crucial to ensure international students achieve their best. The Kings learning environment fits around the needs of our students – not the other way round.
- Our students feel secure, supported and empowered. That's why when describing their experience at Kings so many of our students use the same word: **family**.

## Complete care and support

- An international student needs specialist support. We ensure that the total student experience is a happy, fulfilling and enriching one. That way it will also be a successful one.
- We focus on every element equally – academic progress, English development, cultural adjustment, personal support, university guidance, extracurricular opportunities and accommodation provision.

## A diverse, international learning community

- Ours is a fully international community so no one feels like an outsider. Our students come to us from over 80 countries. They are accepted and supported regardless of race, nationality or background.
- And because we have such a diverse community, interaction can only be through the shared language of English.

**ON CAMPUS PLUS  
THE PATH TO YOUR  
DREAM SCHOOL**

At Kings, we don't believe that "one size fits all".

We don't insist that you stick to a set path to your graduation with no room for change or flexibility.

That's because we know you won't be the same person after your first year at university in the USA as the one you are right now in your home country.

And, after Year 3 you won't be the same as you were in your freshman year.

So our pathways are designed to fit around you as you improve and develop as a student. It's an approach which is built around the US university transfer system.

Thousands of American students each year use this system to move to the very best university for their own ambitions.

**With Kings, there is no set path.  
There is just your own path.**

**YOUR  
DREAM SCHOOL**

**ON CAMPUS PLUS  
STUDY LIKE  
AN AMERICAN**

**Right from the start you'll feel part of college life.**

**You'll take degree classes alongside American students, delivered by expert university faculty.**

**You'll be based at the heart of campus and will have full access to all university facilities – so you'll feel like a full member of the university from Day 1.**

**And, just like an American student, you can complete your degree in just four years.**

**What's more, like thousands of American students, you can benefit from the US university transfer system to follow a path to your *dream school*.**

**It's your American Degree.  
Studied the American way.**

A black and white photograph of three young adults walking along a dirt path in a wooded area. The person on the left is a woman with dark hair, wearing a letterman-style jacket with a large 'A' on the chest and holding a folder. The person in the middle is a man with short dark hair, wearing a dark sweater and pants, looking towards the woman on the right. The person on the right is a woman with long blonde hair, wearing a long dark coat and boots, looking back towards the man. Sunlight filters through the trees, creating a dappled light effect on the path and foliage.

**ON CAMPUS PLUS  
BUILT-IN TRANSFER  
OPTIONS**

Right now, you probably don't know which university, which degree, and which major is right for you.

With Kings, you don't need to make decisions today which will affect your future forever.

That's because, with our unique combination of Host Schools and Progression Schools, you always have choice when it comes to your dream school.

You'll have the time and personalized guidance from experts to make the right decision for your long-term future.

**Your progression is guaranteed.  
Your options remain open.**

### Option 1:

Stay on campus at your Host School for your full degree.

**GUARANTEED DEGREE PROGRESSION  
NO NEED FOR SAT OR FURTHER TOEFL**

Every Host School will guarantee that you can progress through all four years to graduation, provided you continue to meet the relevant academic standards.

Your **Host School** is where you will begin your degree.

All our Host Schools are based in the most popular international study destinations throughout the USA.

**Progression Schools** are options which open up after one or two years. You can transfer full academic credit to join the second or third year at a wider selection of highly ranked partner schools.

Depending on your intended major and final degree, we will help you chose the perfect school for you.

### Option 2:

Transfer to a partner Progression School after Years 1 or 2.

**GUARANTEED DEGREE PROGRESSION  
TOEFL AND SAT CAN BE WAIVED FOR  
SOME TRANSFER OPTIONS**

All Host Schools have partner progression options, some of which offer you a guaranteed place to transfer into the second or third year, subject to meeting entrance criteria.

### Option 3:

Transfer to your personal target school after Years 1 or 2.

Alternatively, you can aim as high as possible. We can help you identify and apply to an alternative Progression School which perfectly fits your academic ambitions and ability.

**ON CAMPUS PLUS  
PERSONALIZED  
STUDENT SUPPORT**

**With Kings you'll have the best of both worlds.**

**The excitement of being a new student on a new campus. And the support of a friendly Kings team who are here to make you feel happy and at home.**

**The Kings Center on campus is where you can get all the help and advice you need.**

**Our rigorous support program is designed to ensure you quickly settle in to American college life. It will also maximize your potential in everything from English, study skills and extracurricular experience.**

**So by Year 2, you will be just as strong a candidate for transfer options as any American student.**

**Your on-campus support team.  
Making you a "stand-out" student.**

## The US Transfer System

It is common for American students to transfer between schools during a four-year degree.

The **credit system** allows academic credits gained in one year to be transferred to the following year at another university.

---

### Key facts

# 2.5 million

*US students transfer each year\**

# 15% - 30%

*of students at each school are transfer students*

---

### Benefits of Transferring After Year 1

**1 TOEFL or SAT can be waived**

Some transfer options may not need TOEFL or SAT.

**2 Less competitive**

Universities receive a much higher number of applications for freshman entry than they do for sophomore or junior entry.

**3 Dedicated in-country support**

Kings Progression Advisors are on campus to help you maximize your options, help you choose the best university, develop your personal statement, and devise a successful application strategy.

**4 Smaller classes in Year 1**

Highly-ranked universities often have very large classes with over 100 students.

Our Host Schools provide a smaller, more personal environment in which to become familiar with the US education system.

**5 A second chance**

If you don't meet entry criteria as a freshman, you can have a second chance to improve and enter a top school.

**ON CAMPUS PLUS  
FAST AND COST-  
EFFECTIVE**

With Kings, there is no need for the extra time and expense of a pre-sessional “Year 0”. You will enter the First Year of your degree from Day 1.

Saving you both time and money.

This is possible because, at the Kings Center on campus, you can develop your English, test preparation, and general academic skills at the same time as you are studying for your degree.

**Achieving your American degree.  
As fast as an American student.**

## Core options

With Kings, there is a range of ways for you to get to your dream school. Below are our three core pathway routes, all of which make it possible to complete an American degree in just four years.

### **1+3 Pathway**

Year 1 on host campus. Years 2 - 4 at target university, from where you will graduate.

### **2+2 Pathway**

Years 1 and 2 on host campus. Years 3 - 4 at target university, from where you will graduate.

### **4+0 Pathway**

Years 1 - 4 on host campus, from where you will graduate.

Of course, because it's a flexible system, you can actually take as long as you need if you are aiming for the one of the elite universities. The only limit is your own ambition and ability.

**Teaching and learning is at our core. For us, though, it doesn't just take place in the classroom.**

**Instead, we view teaching and learning as a broad and constant process which enables us all to become better citizens – locally and globally.**

**We are committed to nurturing communities in which all members can learn from each other as they support each other.**

A Different School of Thought

### **Kings and United World Schools**

We are proud to support **United World Schools** in their work within some of the world's poorest communities.

United World Schools build and sustain schools for communities whose children are unreached by normal educational provision. Like us, UWS believes in the power of education to provide opportunities and to transform lives.

Kings is committed to working with UWS by building a new school each year, and funding its long-term sustainability.

## ON CAMPUS PLUS THE KINGS SCHOLARSHIP

At Kings we want our students to reach higher than other students. We want them to be the best they can be.

That is why we reward excellence and commitment through the Kings Scholarship.

### About the scholarship

Every year the top students can win valuable scholarships worth **\$10,000** each to help support them during their university careers.

The scholarships are awarded at the discretion of the Head of each Kings Center on Campus, and on the recommendation of an independent Advisory Board for the Kings Scholarships. Members of the Board are distinguished educators drawn from further and higher education and have no other connection with Kings.

### Past scholarship winners

**Shuyu Lin from China**

**Muslima Gulyamova from Uzbekistan**

**Yuchen Cai (Nick) from China**

**Doan Phuong Truc from Vietnam**
