A person is kayaking on a calm lake, with their arms outstretched. In the background, there are rolling hills or mountains under a clear sky. The image is overlaid with a blue and green gradient.

Explore MORE.

GO AHEAD let go
of your studious side...

for just a little while. Take in all that our four-season playground has to offer. More lakes, trails and ski hills close to our campuses allow you to balance your studies with a healthy dose of adventure!

Smaller class sizes, campuses and communities mean more opportunities to connect to what's most important to you.

OUR CAMPUSES

are more than just bricks
and mortar.

They are the jewel of each lakeside community they belong to. When you're here, you're immersed in local arts and culture, on-point restaurants and bars, and an abundance of recreational opportunities.

Barrie Campus

GeorgianCollege.ca/barrie

The key to this waterfront city's beauty lies not only in its beaches along Kempenfelt Bay, but in its central location to recreational opportunities throughout Simcoe County. World-class biking and ski trails, downhill adventures, and boating opportunities are waiting for you within the city limits or only a short distance away.

Although it boasts big-city amenities, Barrie still exudes the warmth of a small town. A robust nightlife in the downtown core, complemented by trendy restaurants and a strong arts and culture presence, makes it a popular hotspot for residents and visitors. And, if Toronto calls to you, it's only a short GO Train trip or drive away.

Barrie is home to our main campus, as well as the Arch and Helen Brown Design and Digital Arts Centre Campus, downtown.

Orillia Campus

GeorgianCollege.ca/orillia

Known as the "Sunshine City," Orillia borders three lakes, with several nearby provincial parks and the historic Trent-Severn Waterway to

offer an abundance of beaches, camping opportunities and trails. Want to hit the slopes after class? The hills at Mount St. Louis Moonstone or Horseshoe Resort are just minutes away. The city is also home to two postsecondary campuses (Georgian and Lakehead University), a vibrant arts scene, and dynamic downtown core with trendy bars, restaurants and shops.

Robbert Hartog Midland Campus

GeorgianCollege.ca/midland

Our Midland Campus is on the cusp of all things fun on Georgian Bay. Boating, paddling, fishing and swimming highlight spring, summer and fall, and if you love winter, you'll love the trails, rinks and carnivals! The region is home to a multitude of parks, public beaches, lively eateries and unique stores. Close proximity to Penetanguishene means the area benefits from a rich French culture, as well. Love nature? The Wye Marsh Wildlife Centre offers a wild escape from your studies.

Orangeville Campus

GeorgianCollege.ca/orangeville

A charming lakeside community, Orangeville revels in its vibrant arts and culture, and award-winning historic downtown. Take time out of your studies to discover the town's impressive collection of galleries and public art displays, including over 50 tree sculptures. Or, view the town from your kayak while exploring the Island Lake Conservation Area.

Owen Sound Campus

GeorgianCollege.ca/owensound

Located on an inlet of Georgian Bay, the scenic Owen Sound offers beautiful vistas and waterfalls – many that can be seen from the Bruce trail system (Canada's oldest and longest foot path) that winds through the area. The city is also home to many museums, cultural attractions and festivals, as well as a vibrant downtown and harbour where you'll find your favourite places to dine and enjoy good times with friends.

Muskoka Campus

GeorgianCollege.ca/muskoka

It's known as the "Hamptons of the North" to the rich and famous who flock to the area each summer, but Muskoka has a lot more to offer you than luxurious cottages along its many lakes and waterways. The entire area is home to 1,600 lakes, and Bracebridge, where our campus is located, flanks the bank of the Muskoka River, which is navigated by thousands of boaters and paddlers each year. The region has a lively music and arts scene, first-class restaurants, and seven craft breweries!

John Di Poce South Georgian Bay Campus

GeorgianCollege.ca/southgeorgianbay

Situated between the ski hills of Blue Mountain and the shores of Georgian Bay, with an abundance of trails in between, our South Georgian Bay Campus in Collingwood is positioned deep within a recreational paradise that attracts world-class sporting events and inspires a vibrant community. If craft beer and cider, or visiting a winery is your thing, there's plenty of that, too.

Our grads **GET JOBS**

Georgian has one of the **highest graduate employment** rates of all Ontario colleges at 89.7%

“ Both my manager at the County and one of my professors told me that you can put something on paper and it will look amazing. But until you put theory into practice, you can’t truly test it. So, my co-op placement at the County of Simcoe was my test. ”

Ronjay Clarke | Co-op Student of the Year and student in the Honours Bachelor of Business Administration (Management and Leadership) program.

Connect MORE.

Like many first-year students, Kimali Bartlett felt challenged when it came to getting into the groove of college.

He needed help with time management, studying skills and even finding his way around campus. Luckily, he got connected to the First Year Experience office, one of many student services offered at Georgian.

“They helped me with ways I could boost my average to get into my nursing program and gave me good advice on how to prioritize my time,” says Kimali, graduate of Pre-health Sciences Pathway to Advanced Diplomas and Degrees and current BScN student. “The staff made me feel like I was at home with family and it was okay to talk about anything – an open space with people who kept confidential information to themselves.”

Student Services offers support to students in a number of ways, from mental health counselling and accessibility services, to advisors and peer mentors. See what your support network looks like at Georgian.

College life

GeorgianCollege.ca/student-life

Dhruv Patel has always loved to engage with people, so when he came to Georgian, he took part in as many activities as he could.

Orientation, Get Connected, movie nights, and other fun events organized by the Georgian College Students' Association (GCSA), brought him together with other students and opened doors for networking. He also found opportunities to join clubs and athletic teams.

Dhruv is the current GCSA president and truly believes in

the benefits of getting involved.

"Getting involved with campus life improves the student life to a great extent," he says. "Our personal interests are tapped, a portfolio of experience develops, fun leads to good feelings, social connections grow, awareness of diversity expands and self-esteem grows."

Being involved in the campus community is vital to every student and it's vital to the college, too. It's a symbiotic relationship that serves everyone well."

“Being part of GCSA has enabled me to grow and explore opportunities.”

Dhruv Patel | graduate of Mechanical Engineering Technology and current Human Resources Management student

Indigenous Resources

GeorgianCollege.ca/Indigenousservices

When Erika Ewald was a new student at Georgian, the Indigenous Resource Centre quickly became her home away from home.

It offered a quiet place to work and connect with other Indigenous

students, counsellors and visiting elders. These centres at Georgian offer cultural support, as well as a wide range of resources.

Now a NiwiJiagen (peer mentor), Erika sits on the planning committee for the annual Pow

Wow, and helps organize feasts and pot lucks, craft nights, traditional drumming and Anishinaabemowin help for language students. She is also there to offer support and ensure students feel welcome at the centre.

“I used many of the services that are offered through the Indigenous Centre. When I graduated from my last program and needed assistance deciding what to do next, I reached out to the community liaison. They offered assistance on programs that might be of interest and helped me make my final decision.”

Erika Ewald | graduate of the Aboriginal Community and Social Development program and current Environmental Technology student

Examples of our teams and clubs

Men's Rugby: won silver in the 2018/19 and 2019/20 seasons; won a medal in five straight seasons, including gold in 2016; OCAA west division champions for five straight years.

Men's Volleyball: won their first-ever medal (bronze) in school history (2019-20).

Women's Badminton: the sister duo of Kiersten and Paige Hillman earned a bronze medal (2019-20) in women's doubles.

Women's Golf: the golf team of Rachael Rier and Kristen Butterfield earned an OCAA Provincial bronze medal (2019-20).

10-pin Bowling: only collegiate bowling team in Canada, competing in up to 10 tournaments in the United States each year, with numerous successes.

“ This is an electric space and one that I am incredibly proud to be part of. ”

Laura Koza | Centre for Changemaking and Social Innovation”

Innovate MORE.

Changemaking is part of the heartbeat of Georgian College.

As the only college in Canada designated as an Ashoka U Changemaker College, we promote a student experience that is filled with opportunities to engage in personal and professional growth, tackling relevant issues and social problems.

“As a changemaker and Georgian student, you are more equipped with the skills, knowledge and mindset for jobs of the future,” says Laura Koza, Community Impact Projects Liaison.

“The changemaker spirit is one that is filled with personal and professional growth that fosters authentic connections and allows students to bring their unique perspective to this community,” she adds.

GeorgianCollege.ca/changemaker

Entrepreneurship

GeorgianCollege.ca/HBEC

We instill entrepreneurial thinking into all of our programs, so you'll become a problem solver with a solutions mindset.

With the help of the Henry Bernick Entrepreneurship Centre (HBEC) our students and members of the public have successfully developed their own products and businesses such as a bakery, car detailing service, a line of pasta products, and event management business.

Want to be your own boss?

HBEC will empower you by connecting you with a mentor, helping you build a business plan and showing you how to access funding to get your business idea off the ground.

Alex Brown is a Georgian alumnus, partner in several successful eCommerce startups in California, and one of 15 mentors who coaches HBEC clients.

"As someone who is really passionate about building ecosystems to support the growth of small businesses and entrepreneurs, I was blown away by what HBEC has been doing right in my hometown.

I believe HBEC will soon be one of Canada's leading hubs for entrepreneurial growth and innovation," he says.

“All of the staff are wildly passionate. They're devoted to their clients and building a truly supportive community for helping entrepreneurs grow their businesses. It's an honour to be part of a team like this!”

Alex Brown, HBEC mentor | graduate of the Business Administration program and Laurentian@Georgian Bachelor of Business Administration degree program

Research and innovation

GeorgianCollege.ca/researchinnovation

Want to be involved in innovative projects that have real impact?

At Georgian you'll work under the mentorship of our faculty researchers who are experts in their fields, and collaborate with industry and community partners on real-world projects, including

product design, market research, analysis and testing.

Our faculty are also committed to creating innovative solutions for remote learning. Georgian is on the cutting edge when it comes to integrating immersive technology into our programs.

"Virtual reality, unlike any other educational technology, provides experiential learning, where students can do things with their hands, think critically and make decisions that have measurable results," says Rob Theriault, Immersive Technology Lead.

“Empathy, resilience, collaboration, leading with a systems perspective for problem solving and asking how our communities can thrive and flourish – these are just some of the changemaking mindsets and competencies that we are co-creating in our academic areas.”

Nicole Norris, Manager | Centre for Changemaking and Innovation

Anishnaabemowin
and Program Development52

Indigenous Community
and Social Development (Co-op).....74

BE A PART OF THE POW WOW PLANNING TEAM

Predominantly student-driven, Georgian's annual traditional Pow Wow draws dancers, drummers, vendors and spectators from all over Turtle Island. The one-day cultural celebration is open to all and attracts thousands of people to the Barrie Campus.

GeorgianCollege.ca/powwow

Indigenous Resource Centres |

Feasts, cultural teachings and craft nights regularly take place in the centres at the Barrie, Midland, Orillia and Owen Sound campuses. All are welcome to visit.

Georgian College Debating Society | Improve your ability to think critically, master the art of persuasion, and work within a team.

GET STARTED on your journey

Strengthen written and verbal communication skills, develop the ability to solve problems and to work with others, adapt to the changing workplace, think independently and make sound judgments. Open doors to further studies, or find a fulfilling job!

GeorgianCollege.ca/liberalarts

LIBERAL ARTS

PREPARING FOR LIFE AND WORK

Liberal Arts offers a supportive environment and a broad range of subject areas that help develop students' academic abilities, skill sets, social understanding, and personal strengths.

Social innovation | Eric and Connor discuss their innovative project called Bookstore Interactive.

CERTIFICATES (One year)

General Arts and Science – English for Academic Purposes67

General Arts and Science – Liberal Studies Foundation.....67

CERTIFICATE (Two years)

Community Integration Through Co-operative Education60

DIPLOMA (Two years)

General Arts and Science.....67

Common topics of study in General Arts and Science include:

- critical thinking
- psychology
- sociology

- politics

In addition, you can take a variety of General Education courses, including:

- Abnormal Psychology
- Conflict Resolution
- Criminology
- Developing Leadership

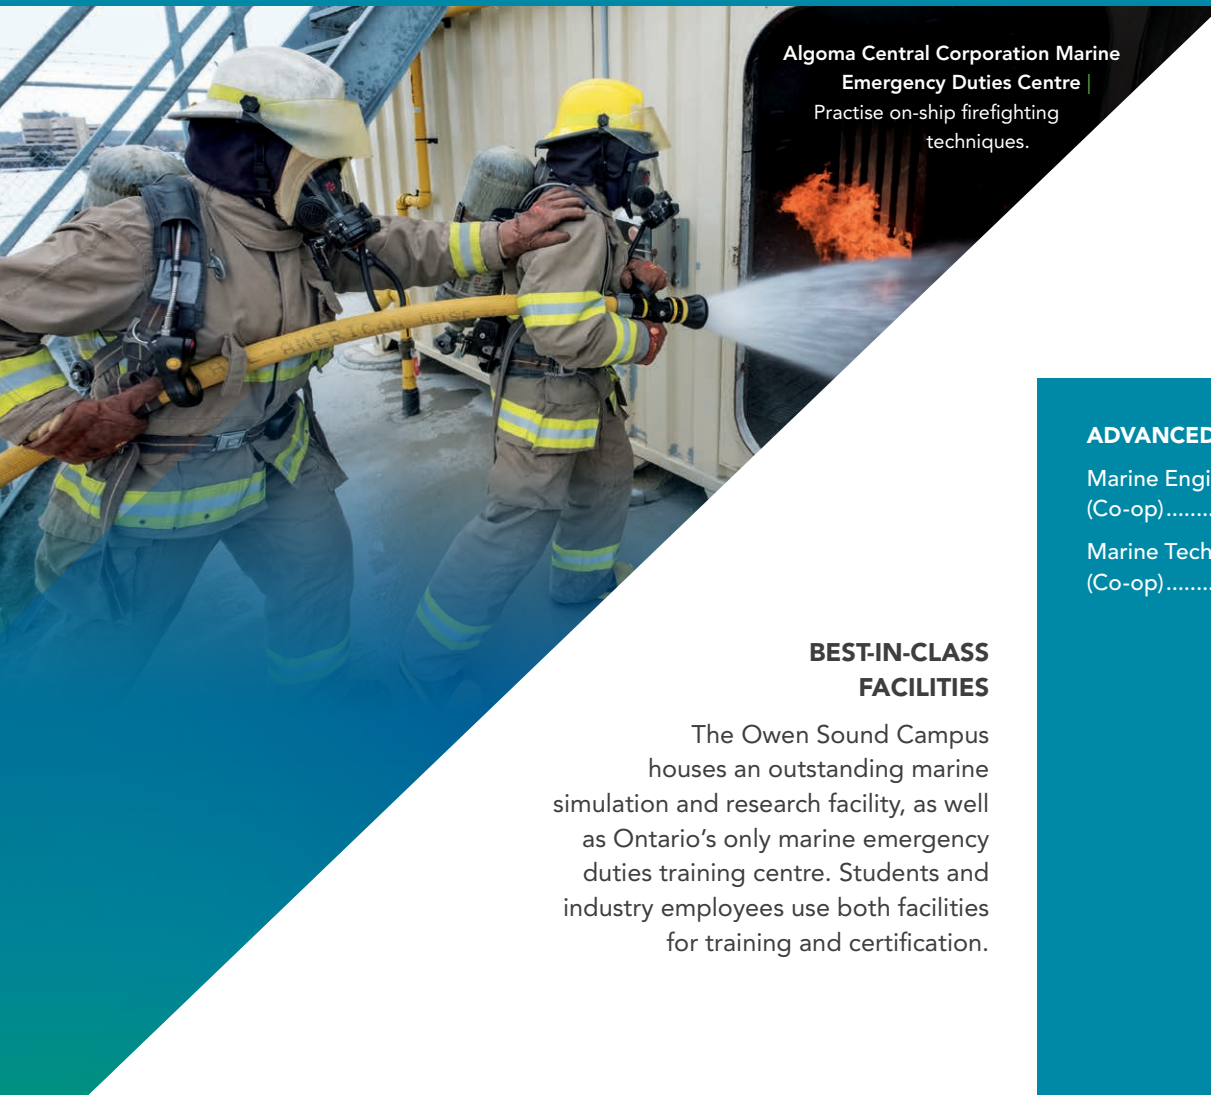

A photograph showing two students, a man and a woman, in a dark room using multiple large computer monitors for a simulation. The woman in the foreground is holding a joystick and looking intently at the screens. The screens display a 3D virtual environment of a ship's interior, including a staircase and various mechanical components. The student's shirt has a 'Georgian' logo.

Marine Engineering Technology |
Students use simulators to learn
how to operate a ship.

NAVIGATE your marine career

Learn in Ontario's most advanced marine simulation and research facility and get the skills and credentials to succeed. You'll benefit from experienced instructors and our partnerships with Transport Canada and national shipping companies. Plus, get a full year of experience on board!

GeorgianCollege.ca/marinestudies

Algoma Central Corporation Marine
Emergency Duties Centre |
Practise on-ship firefighting
techniques.

MARINE STUDIES

ADVANCED DIPLOMAS (Three years)

Marine Engineering Technology
(Co-op).....75

Marine Technology – Navigation
(Co-op).....75

BEST-IN-CLASS FACILITIES

The Owen Sound Campus houses an outstanding marine simulation and research facility, as well as Ontario's only marine emergency duties training centre. Students and industry employees use both facilities for training and certification.

Marine Technology – Navigation | Arnesh steers a ship at the helm of the bridge simulator.

Learning on the job | A cadet in a ship's engine room, while on co-op placement.

Become a ship's officer, captain or chief engineer

Graduates work on ships in Canada and around the world as marine navigators and marine engineers.

Heating, Refrigeration
and Air Conditioning Technician |
Students learn how to install
and service HRAC systems.

BUILD an in-demand career

Fill the shortage of skilled trades workers in Canada. We have outstanding state-of-the-art labs and equipment, expert faculty, and employer connections that help accelerate your career. If you like working with your hands, this is a great time to start!

GeorgianCollege.ca/skilledtrades

Our carpentry shop in Muskoka has state-of-the-art equipment that is used on job sites to give our students real-life learning opportunities.

SKILLED TRADES

GAIN ACCESS TO SERIOUS SHOP SPACE

EARN while you **LEARN** as an **APPRENTICE**

An apprentice is someone who is training to work in a skilled trade. As a registered apprentice, you'll receive most of your training on the job, under the supervision of an experienced tradesperson.

You'll also complete in-school training at Georgian College in our state-of-the-art shop spaces. At the end of the two- to five-year journey, you'll have developed a high level of skill, judgment and creativity to succeed in this high-demand industry.

In Ontario, apprenticeship training is run by the Ministry of Labour, Training and Skills Development. Georgian College is a Training Delivery Agent.

GeorgianCollege.ca/apprenticeships

Pathway to APPRENTICESHIP

Our eight-month skilled trades certificates are a great introduction to a career as a carpenter, electrician, plumber or mechanic. Then, when it comes time for you to find an apprenticeship sponsor, you can take advantage of Georgian's strong industry connections.

Explore certificate programs on page 45.

APPRENTICESHIP PROGRAMS offered at Georgian:

- | | | | |
|----------------------------------|---|----------------------------|-------------------------|
| • Child and Youth Worker | • Educational Assistant | • General Machinist | • Plumber |
| • Child Development Practitioner | • Electrical – Construction and Maintenance/ Domestic and Rural/ Industrial | • Hairstylist | • Small Engine Mechanic |
| • Cook | • General Carpenter | • Marine Engine Technician | • Tool and Die Maker |
| • Developmental Services Worker | | • Mould Maker | |

Small Engine Mechanic |

Learn to diagnose, repair and maintain engine systems for off-road vehicles and powered equipment.

Hairstylist |

In addition to various styling techniques, learn about health and safety procedures and salon functions.

LOTS OF WAYS for you to LEARN

Career success is about finding your passion and living it every day. At Georgian, it's all about where you want to go and how you want to get there. In addition to full-time studies, we offer the following learning pathways:

STUDY PART TIME

Take courses toward a certificate, diploma, degree, or graduate certificate, on your own schedule. Many courses can be taken online or during the evening.

GeorgianCollege.ca/parttime

CONTINUING EDUCATION

Expand your skills with a variety of professional development and general interest courses and workshops.

GeorgianCollege.ca/continuingeducation

ACADEMIC AND CAREER PREPARATION

Take courses to earn an Academic and Career Entrance (ACE) certificate. It is recognized as equivalent to a Grade 12 diploma by all Ontario colleges, and by many employers.

GeorgianCollege.ca/ACP

CREDIT TRANSFER

If you've taken courses at another accredited institution, you may be able to use them toward course exemptions at Georgian.

GeorgianCollege.ca/CTC

PRIOR LEARNING ASSESSMENT AND RECOGNITION

If you have relevant work or life experience, you may be eligible to receive a college course credit at Georgian.

GeorgianCollege.ca/CTC

ARTICULATION AGREEMENTS

Thanks to more than 780 transfer agreements with 59 postsecondary institutions, after your studies at Georgian you can get advanced standing in related programs around the world.

GeorgianCollege.ca/articulations

Fast-track **YOUR CAREER** with a **GRADUATE CERTIFICATE**

Already have a degree or diploma?

Specialize your skills (or add more earning power) in less than one year with a graduate certificate. These programs have built-in work placements or real-world applied learning opportunities.

WHAT YOU NEED TO GET IN

Admission requirements are different for each program. Find program-specific requirements on pages 52 to 83 of this book and online at **GeorgianCollege.ca/full-time-programs**

You'll also need to **take the following steps** to get into Georgian:

STUDENT CATEGORY	BASIC ADMISSION REQUIREMENTS
High school students	<p>You need to complete your high school diploma. If you receive a conditional acceptance, make sure you meet requirements before starting at Georgian. Requirements could include passing courses, maintaining your grades, and more.</p> <p>If you don't obtain your high school diploma, visit GeorgianCollege.ca/ACP to check out Georgian's Academic and Career Preparation program.</p>
Mature applicants	<p>If you'll be 19 years of age (21 for the Bachelor of Science in Nursing Collaborative Program) or older as of the first day of classes at Georgian and don't have a high school diploma, you can apply as a mature student. Here are ways you may meet requirements:</p> <ul style="list-style-type: none"> • Complete your Academic and Career Entrance (ACE) or your Ontario High School Equivalency (GED) certificate through Georgian's Academic and Career Preparation program. Visit GeorgianCollege.ca/ACP for details (not applicable to degrees). • Take courses at an Independent Learning Centre or another learning site recognized by the Ministry of Education. • Take an English or math equivalency test through GeorgianCollege.ca/testing-services (not applicable to degrees). • Take equivalent credit courses at Georgian or another recognized college or university.
Applicants from postsecondary institutions	<p>If you've taken courses from another accredited postsecondary institution, you may meet admission requirements and be eligible for transfer credits. Visit GeorgianCollege.ca/CTC to learn more.</p> <p>If you have a degree or diploma, our one-year graduate certificates can help fast-track you into the workplace. Visit GeorgianCollege.ca/gradcerts to learn more.</p>
Home school applicants	<p>You can write a test that meets the minimum standards for admission (not applicable to degrees). Visit GeorgianCollege.ca/testing-services to book your test.</p>
English as a Second Language applicants	<p>You'll need to take an approved Language Proficiency test unless you've completed:</p> <ul style="list-style-type: none"> • Three years* in an English-speaking high school in a country where English is a primary language. • A full year in an accredited postsecondary program in an English-speaking country (not applicable for Pharmacy Technician). Visit GeorgianCollege.ca/admissions/AcademicRegulations for details. <p>*Four years for Pharmacy Technician and the Bachelor of Science in Nursing programs.</p> <p>You may be eligible for admission into English for Academic Purposes, a preparatory program. Visit GeorgianCollege.ca/EAP to learn more.</p> <p>Note: if you're an international student, the admissions process is slightly different. Visit GeorgianCollege.ca/international for details.</p>
Georgian degree applicants	<p>You'll need at least six U- or M-level high school credits, including one mathematics course.</p> <p>Visit ontariocolleges.ca to apply for Georgian degrees.</p>
Partner degree applicants	<p>If you're enrolling in a Lakehead-Georgian degree-diploma, or degree program offered by a partner institution at a Georgian campus, visit that institution's website for admission requirements. Most partner programs will require you to apply through the Ontario Universities' Application Centre (OUAC).</p>

PROGRAMS

DEGREES, COMBINED DEGREE-DIPLOMAS, DIPLOMAS AND CERTIFICATES

How to **READ THE CHART**

Explore full-time programs at Georgian on pages 52 to 83.

More details about each program can be found at **GeorgianCollege.ca**, where you can also search by campus, credential, start time, etc.

APPROXIMATE ANNUAL FEES

For each program, we've combined tuition, ancillary, and program-specific fees for one year. Fees are approximate and are based on 2019-20 fees (subject to change).

GeorgianCollege.ca/tuition

● HIGHLY COMPETITIVE PROGRAMS

Due to high demand, not all qualified applicants will receive an offer. You must apply to these programs by Feb. 1 and you can learn about selection criteria on the program web page.

▲ FULL- AND PART-TIME DELIVERY

These programs can be taken on a full-time, Part-time and/or online basis.

CAREER OPTIONS

The careers listed in this chart are only a small sample. Some positions may require further education or training.

CREDENTIAL

One-year certificates offer foundational knowledge; two-year diplomas offer specialized knowledge; three-year advanced diplomas offer specialized knowledge and more opportunity for work-integrated learning; four-year degrees offer theoretical knowledge and practical skills; and combined degree-diplomas offer a degree and a diploma in just four years.

ACADEMIC REGULATIONS

Before starting at Georgian, we recommend you visit GeorgianCollege.ca/admissions/academic-regulations to check the full list of policies and procedures. You can also learn about student rights and the college's Student Code of Conduct. GeorgianCollege.ca/student-code-of-conduct

Georgian College of Applied Arts and Technology was established, and is funded, by the Province of Ontario through the Ministry of Colleges and Universities. Georgian College has used its best efforts to ensure that the program and admissions information herein was accurate at the time of publication, recognizing that any such information is subject to ongoing review and change. Visit GeorgianCollege.ca for the latest information about programs and courses.

The college reserves the right to limit access to courses or programs, change or cancel programs, courses, timetables and campus locations at its own discretion. In such circumstances, the college undertakes, to the best of its ability, to enable students registered in affected programs to complete their program requirements in a satisfactory manner.

Your NEXT STEPS

TO BECOMING A GEORGIAN STUDENT

Do your research

Connect with us through Open House, explore your options, book a phone appointment with one of our recruiters, connect with Georgian staff, and learn about admissions requirements online.

Admission

Check the Applicant Dashboard at **MyGCLife.ca**, your student portal, to see if you're missing any requirements to get into your program. If you can't meet requirements, contact your admissions officer to discuss options.

Accept your offer

If you start in September, accept your offer by May 1. Check **MyGCLife.ca** on your student portal for information on your deadlines.

Pay your deposit

To confirm your spot in the program, pay your deposit. Deadlines are June 18 if you start in September, Oct. 4 if you start in January, and Feb. 14 if you start in May. **GeorgianCollege.ca/paymentinfo**

Get to know us

Find housing, get your ONEcard (student card), research transit or parking, meet your Student Success Advisor, and buy your books. Do that and more at a Get Connected pre-orientation session.

Apply to college

Apply from your preferred program page at **GeorgianCollege.ca** or at **ontariocolleges.ca**. Apply before Feb. 1 for highly competitive programs, or any time before the semester if your program has vacancies. After you apply, remember to check your email often.

You're in!

Most applicants receive offers of admission around Feb. 1. Acceptances for highly competitive programs and programs with selection processes are sent in March and onward.

Apply for financial aid

Need help making ends meet? Apply for OSAP at **ontario.ca/OSAP**

Register for courses

Your registration date and time will be posted after the deposit deadline. During registration, you can register for your courses. **GeorgianCollege.ca/registerforcourses**

Attend orientation

Orientation is the first day of your first term. Meet other students, learn about student services, and get to know your campus *before* classes start.

WELCOME TO GEORGIAN!

Campus communities

With seven campuses located in the heart of Ontario, Georgian provides the ultimate four-season environment. After all, there's more to student life than assignments.
